Sprint 4 Report

Product Name: TopShop
Team Member Names: Ha Pham, Alfred Ly, Vy Pham, Brianna Atayan, Lior Peled, Jordan Hui
Sprint Completion Date: December 2, 2018

Actions to stop doing

- Stop making private things public to the group

Actions to start doing

- Plan more of the design of the product earlier so that later on, there isn't confusion about how something should be implemented and having features missing.
- Pull master branch when a new pull request is approved
- Should've implemented unit tests
- Be more available on slack or other means of communications

Actions to keep doing

- Keep asking questions (ask anybody)
